

**FLEMING'S GROUP OF COMPANIES
IS A BUSINESS THAT THRIVES IN
THE GREAT OUTDOORS.**

Fleming's is well known for growing Australia's finest trees – but they also create amazing landscape designs.

Having placed Australian landscape design on the world stage at the prestigious Chelsea Flower Show in London across a decade and taking out the show's top honour with Best In Show in 2013, Fleming's name is synonymous with top Australian landscape design.

Today Fleming's design, build and plant beautiful landscapes and gardens – working with developers, councils and private home owners to enhance the world we live in.

A home is just a house until a well-designed and executed landscape completes the package, and with Fleming's, your new home will become a masterpiece dressed to perfection with a garden by Australia's best.

ESSENCE

The **ESSENCE** garden has been designed to provide balance and symmetry to a home with a sense of formality with lineal planting form while a curved garden edge softens the effect to provide a gentleness unusual to most formal designs. The perfect garden for those that seek a clean, green front yard complemented by classic trees and plants.

LIBERTY

The **LIBERTY** garden is all about free-flowing lines with curved garden beds shirking formality to soften and enhance a home. 'Liberty' offers a graceful entrance with loads of small and low growing shrubs and three feature trees.

PEACE

If it's tranquillity you seek – look no further than the elegant **PEACE** garden. Created to suit any block style or orientation, 'Peace' is simple yet very effective and offers a low maintenance option for those with busy lifestyles.

URBANE

The timeless **URBANE** garden presents the perfect front yard for those that like simple, clean lines and classic formal planting styles. This garden will compliment a range of home facades and will mould to any block size or orientation with ease.
